2. What you buy

- **Done-For-You Setup & Report:** the above (unless you already own it), plus we set up your workbook with the information you send us, for up to 15 open shipments, and send you a written report. We return both within 5 business days of receiving your information.
- **Free demo:** a workbook with fictional data, for evaluation only.

Prices are shown at checkout, including any VAT.

3. Your licence

- You may use it within one business, by any number of people in that business.
- Your copy is licensed to the email address and order number shown on every tab.
- You may not resell, share, publish or give it to anyone outside your business, or remove the copyright or licence details.
- SL Global (Pty) Ltd keeps all copyright in the workbook, guide and video.

4. Delivery Your licensed workbook is emailed to the address you used at checkout, usually within minutes. If it hasn't arrived within 24 hours, check your junk folder, then email us.

5. Cancelling Your download starts immediately after payment. At checkout you agree that, where the law allows, the 7-day cooling-off period for online purchases no longer applies.

6. If something doesn't work If anything doesn't work as described, email us and we'll fix it.

7. Support By email only, at sheena@slglobal.co.za. We reply within 2 business days. Free updates for version 1.x: we email you the updated file, and you copy your rows into it.

8. Not advice The workbook and the written report are operational guidance. They are not customs, tax, legal, accounting or financial advice. You are responsible for the figures you enter or send us, and for checking requirements with your clearing agent, accountant or bank.

9. Liability We are not liable for losses from decisions made using the workbook or report, beyond the price you paid, as far as the law allows.

10. Your information

- We use your name and email only to deliver your purchase, provide support and send product updates. You can unsubscribe from updates at any time. We only send marketing emails to free demo users who agreed to receive them.
- Who handles it: Payhip and its payment providers (checkout; we never see your card details), Google (email delivery and your Google Sheets copy, stored in SL Global's Google account and shared only with you) and MailerLite (emails). Some of these providers store data outside South Africa.
- To keep your Google Sheets data in your own Google account, open your copy and use File > Make a copy.
- We do not open or use the data you enter into your workbook. For the Done-For-You Setup & Report, we use the information you send us only to set up your workbook and write your report, and we keep it confidential.
- To see, correct or delete the information we hold about you, email us. If you are unhappy with how we handle your information, you may complain to the Information Regulator (www.inforegulator.org.za).

11. Law South African law applies.
